November's Gems of the Month

Texas Mobile Imaging has replaced Stroke Scan, Inc.

Texas Mobile Imaging offers 3 painless cardiovascular ultrasounds for the early detection and prevention of stroke due to fatty plaque buildup in the carotid arteries of the neck, sudden death from rupture of an unbound abdominal aorta aneurysm and leg amputation due to (P.A.D.), which is blocked arteries in the legs. TRTA Members receive a discounted price of \$110 (\$135 regularly) for all 3 vascular scans (\$300 - \$1500 each in hospital) which will also include complimentary ultrasound scans of the thyroid, gall bladder, liver and kidneys for any stones, cysts, or tumors that could be cancerous, as well a complimentary heart rhythm screening for atrial fibrillation. Free educational workshops on the prevention of stroke and vascular disease and actual scans can be done at TRTA local unit meetings. Call Joey Wyatt at 832.437.1296 or email joey@txmobileimaging.com.

FYI: Under Discussion & just to keep Members Informed

If you are a woman and have been considering long term care, many companies are going to start gender-based pricing to make long term care insurance more expensive for women. If you don't have long term care and are interested, call AMBA at 800-258-7041, and find out what the current rates are for you.
